# M'REYNOLDS WILL OPPOSE BURLESON

Postmaster General Favors Government Control of Telegraph and Telephone.

#### CABINET WILL DECIDE

#### Head of the Department of Justice Has Plan of Regulation to Present.

WASHINGTON, Dec. 10 .- Govern ment ownership of telegraph and telephone lines throughout the country is being seriously considered by President Wilson.

Conferences between the president and Postmaster General Burleson have led to gathering information about the practical working of government ownership in nations where such a system is in operation. The subject will be discussed at some length in the postmaster general's report, soon to be made public.

Although Mr. Burleson seems to faver the plan for government ownership, it is said that it will not meet the immediate approval of President Wilson's cabinet. It is believed in official circles Attorney General McRaynolds for one will show his aversion to such a plan if the matter is seriously taken up around the cabi-net in the White House.

#### McReynolds Has Plan.

Within the next few weeks the de within the next few weeks the de-partment of justice will announce its own plan for relief in conditions ac-companying interstate telephone busi-ness throughout the country. For sev-eral months the attorney general and G. C. Todd, the assistant in charge of trust prosecutions and the enforcement of the Sherman anti-trust act, have been seeking to work out with officials of the American Telephone and Telegraph company plans which they hope will avoid any necessity for litigation in the courts, but which will relieve the situation. There have been many conferences at the department in which E. G. Kingsbury of the American Telephone and Telegraph company and the attorney general have figured. One suit against the Pacific coast arm of this concern is already in the United States centris, and pending its determination the department has not been anxious to begin further litigation.

#### Doubt as to the Law.

There has been some doubt as to the applicability of the Sherman law to telegraph companies and some question of just what could be done that would eatly benefit the general public if the law did apply. By far the greater colume of telephone business is interstate, and this could not be touched by the anti-trust act. While department officials have kept their plans a secret, it has been reported that suggestions have been made and agreed to by the telephone officials that there he no further extension of territhere he no further extension of territhere be no further extension of terri-tory by them, and that some of the interstate rates shall be lowered.

In his dealings in this case Attorney eneral McReynolds had followed his onviction that it is better for his department to secure an agreement to his terms with a so-called trust after a few weeks of friendly conference than to take it into the courts and wait al years before securing a d one way or another.

#### Only as Last Resort.

of government regulation of trusts with Mr. McReynolds are of the opinion that he believes the Sherman act a sufficiently powerful weapon with which to better conditions. They understand his position to be that it is better to break up a combine so that there shall be competition; if that can't be done it is better to regulate of Mexican drawn work. The class series in basketball will start this afternoon with a double-header. The Dearnatic club has been rehearsing for the past two weeks and Miss Alberta Motann expects to stage the playlet for the first time in the gymnasium before the bolldays.

A prize has been offered by the Grani-tian for the best Christmas story writ-ten by either a freshman or a sopho-more, and a second prize will be given for the best Christmas poem by a junior or senior.

California Woman Seriously Alarmed "A short time ago I contracted a se-tere cold which settled on my lungs and caused me a great deal of annoyance. I would have bad coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my hings," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.
